DEDICATION

With tremendous gratitude, I dedicated this thesis to:

1. With heartfelt gratitude, I dedicate this thesis to Allah SWT. His guidance, mercy, and strength have supported me through every step of this journey. Truly, this work could not have been accomplished without His countless blessings.
2. To my dearest mother, my father, and my brother, thank you for your endless love, prayers, and unwavering support. Your patience, strength, and encouragement have guided me through every challenge and helped me endure until the very end.
3. And to my twin, Ari Nurmalia, who is also a final-year student in the “Sistem Komputer” class, thank you for your understanding, warmth, and help that you have always given. Your presence has made this journey lighter and more meaningful, and I’m grateful that we could finally complete our theses together.
4. To my first thesis advisor, Dian Fadhilawati, M.Pd., and my second thesis advisor, Adin Fauzi, M.Pd., I would like to express my sincere gratitude for your guidance, patience, and valuable feedback that have greatly helped me in completing this thesis. Your advice and supervision have been a meaningful inspiration for me to grow both academically and personally.
5. For myself, Ira Nurmalita. Thank you for enduring this far through exhaustion, laziness, tears, and painful moments that weren’t easy to face.

Thank you for not giving up, even when the steps felt heavy and the world seemed to demand too much. May every drop of sweat and every tear be rewarded with good results and blessings. The girl who once felt afraid and uncertain has finally reached this point, making her parents and loved ones proud. Thank you for believing that every step, no matter how slow or difficult, will eventually lead to the destination. And thank you to the songs of “*Reality Club*”, which became my strength during the hardest times of finishing this thesis - big love always.

6. To my dearest friend, Rizki Mara Dinanti, thank you for fighting alongside me and completing this thesis journey together. Thank you for your spirit, support, and companionship that never wavered, even during moments of exhaustion and near defeat. Your presence has made this journey more meaningful and strong. To Rizka and Putri, thank you for the support, joy, and unforgettable moments during this thesis journey.
7. To my classmates of PBI21, thank you for the fun moments and togetherness we shared during this journey. Your laughter and company have made completing this thesis more memorable.
